REQUEST FOR SEWER RENT CREDIT FOR A NEW POOL OR REPLACEMENT LINER

Local Law #2 of 1985 states that metered water consumers shall not be charged sewer rents computed on the amount of metered water used to originally fill a swimming pool or which has been reconstructed or refurbished to include a new liner, providing the consumer establishes, to the reasonable satisfaction of the City Manager, that the pool was not drained in whole or in part into the sanitary sewer system. This exemption shall apply only to the billing based on the reading of the meter serving the premises on which the pool is located.

This credit must be applied for immediately so that it will reflect in the billing period that covers the water usage. Failure may result in denial of credit.
