

Terms and Conditions
For Material Purchase (Road Millings)

1. Scope of Sale and Purchase

Periodically, the City of Sherrill has an abundant amount of road millings for which it does not have a municipal purpose for. To reduce inventory the City Commission has agreed to sell these road millings for \$200.00 per truck load. Truck load is defined as a six-wheeler truck with approximately 7 – 8 yards of capacity.

2. Eligibility

Currently only Sherrill taxpayers will be eligible to purchase these materials on a first come first serve basis. Materials purchased may only be used inside City of Sherrill boundaries.

3. Delivery of Materials

Delivery of materials will be performed by the City of Sherrill DPW on a date and time agreed upon by the City of Sherrill. Location of where the materials will be dumped in front or side yard in relation to the driveway. The truck driver will determine an exact location for which he/she feels suitable for dumping.

4. Warranty

There is no warranty on materials.

5. Damages

The City of Sherrill will not be liable for any damages incurred to personal and/or private property when delivering such materials. Including but not limited to driveways, yards/lawns, trees, landscape, infrastructure and the like.

6. Price and Payment

Price for per truck load is \$200.00. Payment will be made to the City of Sherrill prior to delivery. The City will issue purchaser a receipt for payment.

7. Terms and Availability

Millings may not be resold to a third party. Availability is determined by the City.

I have read the terms and conditions above.
