

Savings...

ENERGY STAR qualified products use 10 to 25% less energy than comparable conventional models.

A new ENERGY STAR qualified refrigerator consumes 40% less energy than a 15-year-old conventional model.

An ENERGY STAR qualified dish washer uses 40% less energy than the minimum federal standard, and one third less water.

An ENERGY STAR qualified clothes washer uses 40% less energy and 55% less water than a conventional counterpart. Front load ENERGY STAR washers are the most energy efficient and also prolong the life of your clothes.

Using a programmable thermostat can reduce your heating bill by up to 20%. This is not a sales pitch!! These thermostats keep the home at a steadier temperature, and they save you money.

Using **ENERGY STAR** qualified products in only one part of reducing your home's overall energy consumption and ultimately keeping your energy bill as low as possible.

With ENERGY STAR, people across America have...

- Saved \$362 billion on utility bills
- Prevented more than 2 billion metric tons of GHG emissions
- Reduced damages from climate change (more than \$11 billion in societal benefits in 2014 alone)
- Contributed to a total U.S. carbon footprint reduction of 9% (since 2005)

Look for the **ENERGY STAR**

THE LITTLE BLUE LABEL - WHAT DOES IT MEAN?
THIS USES LESS ENERGY! THIS PRODUCT IS GREEN!

Look for the **ENERGY STAR**

Sherrill Electric ENERGY STAR Appliance Rebate Program

Program Effective: 7/1/2021

Sherrill Electric **ENERGY STAR** Rebate Program Frequently Asked Questions

How do I participate in the Sherrill Electric **ENERGY STAR** Rebate Program?

Participation is easy. Mail or bring in the receipt from the purchase, the completed rebate form, the **ENERGY STAR** label that is provided by the retailer or the packaging and for refrigerators, proof of disposal.

How will I receive the rebate?

Upon verification, the rebate will be in the form of a credit on your next electric bill.

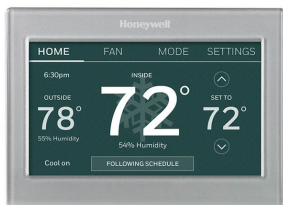

What should I do with my old item?

1. Many retailers offer removal when you buy a new unit.
2. Dispose of at a Oneida Herkimer Solid Waste Authority Transfer Station for a fee.
3. Dispose of at the Sherrill DPW Transfer Station for a fee.

**Program is only for Owner Occupied Residential Properties.*

If you are upgrading and updating your appliances, it's time to do the same for your HVAC thermostats!

A Programable Thermostat may qualify for a \$50 in rebate.
