

BUILDING PERMIT GUIDELINES

ANY WORK PERFORMED PRIOR TO OBTAINING A PERMIT APPROVAL WILL BE SUBJECT TO THE FOLLOWING FINE.

RESIDENTIAL: \$250.00 + PERMIT FEE COMMERCIAL: \$500.00 + PERMIT FEE

Without a permit: What can I do without a permit?

- Make ordinary repairs with like or similar material to restore original conditions that do not affect structural features or involve the installation or extension of electrical or plumbing systems.
- Install sidewalks or grade level patios (without a roof) on private property
- Install roofing shingles or siding
- Replace gutters or downspouts
- Replace plumbing fixtures such as a toilet or sink, or replace a hot water heater
- Install windows or doors in existing openings without structural alteration
- Install gas appliances that are not required to be vented, such as dryers and stoves
- Repair existing gas appliances
- Add insulation
- Install a fence in accordance with the City of Sherrill Zoning Ordinance

Permits required: Generally, permits are required to:

- Construct a house or building
- · Add or make structural alterations to a building
- Construct or replace a deck
- Install or replace a pool, spa, or hot tub
- Kitchen or bath remodels
- Build or enclose a porch
- Construct an accessory building (shed or other structures detached from the principle building)
- Convert garage, attic, or basement to useable space, such as a recreation room.
- Install new, or extend existing plumbing
- Alter or extend the electric system
- Demolish any building interior or building section, except utility sheds
- · Repair structures damaged by fire
- Install any wood burning appliance (e.g. woodstove, fireplace, etc.)
- · Install a chimney liner or repair chimney
- Erect any sign
- · Install a septic tank
- Drill a well
- Add fill, excavate or change existing drainage
- · Move any building

When in doubt, always consult with the Codes Enforcement Official. Always verify required setbacks and property lines BEFORE starting work. Call Dig Safe New York by dialing "811" BEFORE you dig.

APPLICATION FOR BUILDING PERMIT INSTRUCTIONS

(Follow them closely)

- A. This application must be typewritten or completed in ink and submitted to the Codes Enforcement Office.
- B. An application for an addition to a one-or two-family home must include a site plan. Locate clearly and distinctly all buildings, whether existing or proposed and indicate all setback dimensions from property lines. Give lot dimensions according to deed and show location and name of street.
- C. (1) An Application for a Building Permit for a residential building with 1,500 gross square feet or more (not including garages, open porches, cellar or uninhabitable basements or attics) and for all commercial and industrial buildings or additions thereto must be accompanied by two complete sets of specifications and detailed construction plans bearing the authorized facsimile of the signature of a licensed architect or a licensed professional engineer, licensed in New York State. Plans and specifications shall include a site plan and describe the nature of the work to be performed, the materials and equipment to be used and installed, and the details of the structural, mechanical, electrical and plumbing installation and a section thru for fireplaces footer to top of chimney and stairs. All electrical work must be inspected by, and a Certificate of Approval obtained from, the NY Board of Fire Underwriters or Independent Electrical Inspection Agency. No Certificate of Occupancy will be issued until electrical work has been inspected and approved. Any changes in plans shall be noted by a New York State licensed architect or engineer.
 - (2) An Application for a Building Permit for residential building or addition of less than 1,500 square feet may be accompanied by a freehand sketch and must show dimensions of the building, rooms, windows, doors, lumber sizes, spans and insulation. Each room must be identified to its intended use. And or further information requested.
 - (3) For No. 1, the plans must bear the authorized facsimile of the signature and seal of a licensed architect or professional engineer, licensed in New York State certifying that the plans meet the State Building and Energy Code.
 - (4) The Codes Enforcement Department is allowed ten (10) days to approve or disapprove the plans.
- D. The work covered by the application may not commence before the issuance of a Building Permit. A Building Permit shall be effective to authorize the commencing; and completion of work in accordance with this application, plans and specifications on which it is based for a period of six months after the date of issuance. For a good cause the enforcing officer may allow such extension of time as they may deem reasonable.

Where the work described in the application, plans and specifications is not completed within the period allowed by the permit and any extension thereof, the enforcing officer may order the owner of the premises to remove any structure and fill any excavation which he shall deem detrimental to the public health, safety or welfare.

Accessory Structures:

Setbacks - 5' side and rear. None located in front yard Heights - No higher than 15feet.

- E. Upon the approval of the application, the City Clerk will issue the building permit to the applicant together with an approved duplicate set of plans and specifications. Such permit and approved plans and specifications shall be kept on the premises available for inspection throughout the progress of the work.
- F. Notify the Codes Enforcement Office when work is ready for inspection, i.e. after the footing is poured, completion of cellar walls, after insulation has been installed and before walls are covered, completion of structure. (See attached inspection schedule).
- G. No building shall be occupied or used in whole or in part for any purpose whatever until a Certificate of Occupancy shall have been granted by the Codes Enforcement Officer.
- H. All Electrical work must be inspected by, and a Certificate of Occupancy will be issued until electrical work has been inspected and approved.
- All gas-fired installations must conform to the requirements as set forth by the American Gas Association Laboratories.
- J. Permit fees are based on total gross square feet (including garage) except cellars, uninhabitable basements, and **open** porches.
- K. Upon filing this application for building permit, the following fees shall be paid to the City Clerk:
