MUTUAL AID AGREEMENT WITH CITY OF ONEIDA (POLICE)

B. Lovett reported that the City of Oneida has updated a mutual aid agreement between Sherrill and Oneida police that would replace one that has been in place since the mid 1970's. Chief Drake was present at the meeting to answer any questions. He is fine with the terms of the agreement which seem to be pretty standard. The agreement gives both agencies a little more "on site" authority should they be assisting in an emergency situation in either municipality. The Commission is fine with it. Their only comment was that both the City and Village of Vernon should review and update the one in place for them as well. A motion was made by K. Sayles and seconded by B. Piccola that the mayor has authorized to execute the agreement with Oneida.

FIRE DEPARTMENT REVENUE RECOVERY PROGRAM

Chief Tormey was in with the updated agreement for the fire department to enter an agreement with Certified Ambulance Group (CAG) and reported that it could be for two years. Tormey reported that CAG is compensated for 18% off the collections. The City Commission asked if the fire department would be comfortable with a 65-35% split mirroring the Vernon Fire Contract and then the department would get 35% with the City getting 65% and the City's portion would go into the Fire Equipment Reserve Fund. Tormey said that was acceptable. A motion was made by K. Sayles and seconded by B. Piccola to authorize the mayor to execute the agreement and that the city department split would be 65-35% as laid out above.
