USE OF CITY FACILITIES – AGE REQUIREMENTS FOR CHILDREN

B. Lovett brought to the attention that there have been some concerns lately about children and their behaviors at some of the city facilities (parks, CAC, etc.). He recommended that we look into creating some sort of policy, as other businesses/municipalities do to ensure we have something in place to address issues accordingly as they arise. He is going to follow up with Barry VanDreason and will provide examples of what procedures/rules other establishments have in place.

COMMISSIONERS REPORTS

B. Piccola asked what the requirements are for the planning board as far as make up and appointments. She inquired about 5 vs 7 members, and the commission vs mayor as appointing authority. The commission asked if the history of it can be looked into.

K. Sayles asked if there were any updates on the pool. Brandon told the group that Ben Heintz and Lupini were in the process of evaluating the pool and will provide details to the pool committee ASAP. Kevin also revisited the top regarding the local law amendment to approve a State Trooper being transferred to a municipal police department. The commission didn't seem to want to pursue the topic further at this time.

W. Vineall asked about the status of St. Helena's Church and if it was for sale. He thought the city may be interested in at least the parking lot. B. Lovett was going to follow up with the diocese.

Motion was made by J. Shay and seconded by K. Sayles to adjourn.
